

Agenda

- Ronit's research
 - Lots of dashboards are more team-based and general, so individual/specific dashboard can help us stand out
- Features
 - Set primary and secondary features
 - Ordered them by importance
 - Added to pitch document
- Timeline
 - Set rough timeline and added to [pitch doc](#)

Next Steps

- Everyone finish their contribution to the pitch doc by Monday
- Polish pitch doc and get approved by TA (hopefully on Monday)
- Meet Wednesday from 3:30-4:30pm to begin code architecture, UMLs, github best practices, etc
